Profile

Motivated Computer Science undergraduate with a strong academic foundation in Artificial Intelligence and Machine Learning and a consistent record of academic excellence. Passionate about software engineering, AI, and problem solving through practical applications. Experienced in developing academic projects, managing databases, and training machine learning models using Python. A quick learner with strong teamwork and communication skills, eager to contribute to innovative software engineering teams while continuously expanding technical expertise.

Technical Skills

Languages: C, Python, HTML, CSS, PHP (Basic), SQL (Basic)

Frameworks/Libraries: Flask, NumPy, Pandas, OpenCV, Scikit-learn

Tools: VS Code, GitHub, Supabase, MySQL, Google Colab

Relevant Coursework: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks, Machine Learning

Experience

Industrial Trainee – Infogrow

6 Months

- Worked on AI and Machine Learning based projects.
- Collected and preprocessed datasets and trained ML models.
- Gained practical experience with Python, OpenCV, NumPy, and AI workflows.

Projects

GigFinder – Freelance & Internship Finder

- Developed a platform connecting students with internships and freelance opportunities.
- Managed PostgreSQL databases using Supabase and implemented secure user authentication.
- Contributed to backend development and database management.

Brain Tumor Detection using Deep Learning

- Collected MRI datasets from public sources and prepared them for training.
- Built and evaluated a deep learning model for brain tumor classification.
- Used Python, NumPy, and OpenCV for preprocessing and evaluation.

Education

VNR Vignana Jyothi Institute of Engineering and Technology

B.Tech in Computer Science and Engineering

Expected 2029

Government Institute of Electronics

Diploma in Artificial Intelligence & Machine Learning

CGPA: **9.95/10**

Achievements

- AP ECET 2026 – State Rank 10.
- TG ECET 2026 – Branch Rank 5 (Integrated Rank 9).
- 3rd Place – College Hackathon.
- Solved 8+ LeetCode problems.

Hobbies & Interests

- Solving coding challenges and improving problem-solving skills.
- Building AI and software development projects.
- Playing cricket.
- Exploring new technologies in Artificial Intelligence.
